

## Crystal Clear Waterproof Epoxy Floor Paint 1mm Anti Slip Epoxy Coating Zero VOC

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: EPTC-2001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

**CREKOAT**

### Product Specification

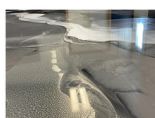

- Features: Waterproof Finish
- Name: Waterproof Epoxy Floor Paint
- Materials: Epoxy Clear Coat
- State: Liquid Coating
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: **Clear Waterproof Epoxy Floor Paint, Waterproof Epoxy Floor Paint 1mm, Anti Slip Epoxy Coating Zero VOC**

**CREKOAT**

## Product Description

### Anti Slip Unique Crystal Clear Metallic Epoxy Floor Paint Resin Coating

#### Product Descriptions:

Product Name	Metallic Floor Paint
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

#### Quick Details:

Considered among the most coveted epoxies available, our Metallic Epoxy stands out with its exceptional features. Crafted from a crystal-clear 100% solids formulation, it ensures zero VOCs, extended working times, and self-leveling flowability. Enriched with marblizing additives crucial for the curing process, it's renowned for its mesmerizing depth and dynamic effects. Specifically engineered to force bubbles to the surface, eliminating the need for torching and ensuring a flawless finish.

This epoxy boasts unmatched durability, offering resistance against scratches, heat, stains, and UV rays. Its superior raw ingredients allow seamless pigment integration without compromising performance, durability, or chemical resistance. The super gloss finish creates a reflective surface akin to a mirror, elevating the aesthetic of any application.

Versatility defines its application range - from countertops to floors, art projects to garages or basements, this epoxy coats and enhances various surfaces. Its adaptability and exceptional properties make it a premium choice for resurfacing a wide array of materials.

#### Features:

1. Extended working times and self-leveling flowability
2. Marblizing Additives resulting in visually striking finishes
3. Engineered with specialized agents that drive bubbles to the surface
4. Guaranteeing a flawless surface
5. Superior resistance against scratches, heat, stains, and UV rays
6. High-gloss finish creates a mirror-like surface, enhancing the visual appeal

#### Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
