

Topcoat Solvent Free Industrial Epoxy Floor Coating Abrasion Self Leveling

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-5001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 25 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Chemical Resistant
- Materials: 2 Part Epoxy Coating
- State: Liquid Coating
- Mixing Ratio: 5:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Topcoat Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating Abrasion, Solvent Free Epoxy Floor Coating

Product Description

Self Leveling Two Component Epoxy Floor Coating Solvent Free Topcoat

Product Descriptions:

Product Name	Self Leveling Epoxy Floor Coating
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.5kg/sqm per coat

Quick Details:

Self-Leveling Epoxy is a high-build epoxy floor coating designed to provide seamless application and durability for concrete protection. This epoxy floor coating is designed for application to concrete, cement and non ferrous metals. It provides excellent resistance to water, solvents, acids, alkalis and salts and gives superb adhesion to all recommended substrates. Tough finish has long lasting abrasion and impact resistance. Recommended for areas receiving heavy traffic (vehicle/trucks).

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Solvent free
5. Fast application
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
