

## 1mm High Gloss Epoxy Floor Coating Ease Durable Floor Paint Solid Colors

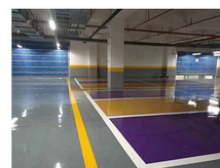

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

**CREKOAT**

### Product Specification

- Features: Scratch Resistance
- Materials: Concrete Epoxy Floor Paint
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: 1mm High Gloss Epoxy Floor Coating, High Gloss Epoxy Floor Coating, Ease Durable Floor Paint

## Product Description

### Solid Colors High Gloss Epoxy Floor Coating Durable Floor Paint

#### Product Descriptions:

Product Name	Industrial Concrete Coatings
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

#### Quick Details:

Epoxy also stands up well against most types of chemicals, even relatively caustic chemicals commonly found in labs in pharmaceutical manufacturing facilities and on healthcare campuses. Likewise, it resists damage or fading from UV light exposure. This further increases its long-term value, and minimizes maintenance needs. Plus, if you're working with particularly dangerous or exotic chemicals, special formulations of epoxy can be made with extra resistance to them.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High build
5. Attractive, bright color options
6. Suitable for heavy use and mechanical loads

#### Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
