

2 Pack Industrial Epoxy Floor Coating / Paint Poured for Heavy Traffic

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Wide Colour Range
- Materials: 2 Pack Floor Paint
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: 2 Pack Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating Poured, Solvent Based Epoxy Floor Paint

Product Description

Solvent Based Heavy Traffic Epoxy Industrial Flooring Coating

Product Descriptions:

Product Name	Epoxy Floor Painting
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.2kg/sqm per coat

Quick Details:

Floor Epoxy Coatings are ideal for heavy manufacturing facilities, auto repair garages, manufacturing areas, aircraft hangars, and floors subject to intense heat, high volume motorized traffic, and where corrosive chemicals, fuel and standing water are present. Our coatings provide a non porous protective shield that is strong compression strength that prevents hazardous oils, acids, chemicals and other fluids from penetrating into the concrete substrate, therefore eliminating harmful contamination and unsightly staining. With an attractive high gloss finish our floor coating is tough enough for heavy manufacturing or the harshest industrial environments, yet beautiful enough for your home or office.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High build
5. Excellent adhesion
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
