

## 3mm Water Based Industrial Epoxy Floor Coating Spray TDS For Heavy Machinery

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-5001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 25 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

**CREKOAT**

### Product Specification

- Features: Oil Resistant
- Name: Epoxy Floor Coating
- Materials: Epoxy Flooring Systems
- State: Liquid Coating
- Mixing Ratio: 5:1 By Weight
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: 3mm Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating TDS, Spray Water Based Epoxy Floor Coating

## Product Description

### Self Leveling Heavy Machinery Industrial Flooring Epoxy Floor Coating

#### Product Descriptions:

Product Name	Heavy Duty Epoxy Floor Paint
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.5kg/sqm per coat

#### Quick Details:

Industrial Grade Epoxy Floor Paint Coatings are superior to all solvent based and water-based paints that are less than 100% volume solids. Epoxy floor coatings are resin based 100% volume solids epoxy 5x thicker than all residential or commercial grade water-based and solvent based floor paints.

Epoxy floor coatings provides 8-20 mils of self-leveling thickness per coat and uses a proprietary formula that is engineered for easy installation that requires no special skills or prior experience to apply and allows for 40% extended work time making it less stressful for the DIY home or business owner.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High build
5. Low VOC
6. Suitable for heavy use and mechanical loads

#### Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
