Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-5001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 25 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Maintenance Free
- Materials: Concrete Floor Paint
- State: Liquid Coating
- Mixing Ratio: 5:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: 3mm Self Leveling Epoxy Floor Coating ,
Self Leveling Epoxy Floor Coating ,
Durable Concrete Floor Paint High Gloss

Product Description

High Gloss Self Leveling Epoxy Floor Coating Durable Floor Paint

Product Descriptions:

Product Name	Self Leveling Epoxy Flooring
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.5kg/sqm per coat

Quick Details:

Self leveling epoxy flooring is ideal for situations where the flooring will be required to have a high level of aesthetic appeal as well as abrasion resistance and durability. Epoxy flooring is an extremely durable and hard wearing flooring that offers a number of benefits, which makes it ideal for everything from commercial and industrial applications to residential applications. High scratch and impact resistance, chemical and heat resistance, slip resistant, even when wet, high gloss, appealing finish.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High gloss, appealing finish
5. Low VOC
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
