

Bright Scratch Resistant Floor Paint Seamless Clear Epoxy Floor Coating 3mm

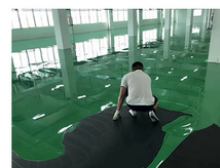

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

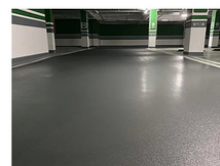

CREKOAT

Product Specification

- Features: Bright Color Options
- Name: Industrial Epoxy Floor Coating
- Materials: Clear Epoxy Flooring
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: **Bright Scratch Resistant Floor Paint, Scratch Resistant Floor Paint Seamless, Clear Epoxy Floor Coating 3mm**

Product Description

Scratch Resistant Smooth Seamless Finish Industrial Epoxy Floor Paint

Product Descriptions:

Product Name	Epoxy Base Coat
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.2kg/sqm per coat

Quick Details:

The Epoxy Coating range is made up of high-performance products designed for use in a wide range of commercial and industrial environments where a lasting solution to floor maintenance problems is required. With the outstanding chemical resistance, durability, low porosity and excellent bond strength, Epoxy4001 as a roll coat is ideal for all industries across the board.

Coating a factory or warehouse floor in Epoxy4001 provides dustproof, easy to clean and easy to maintain flooring solutions. Coated floors increase the light within the factory and complete the look and feel of any warehouse environment.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High build
5. Slip resistant
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are just some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
