

Seamless Eco Friendly Concrete Paint 1mm Industrial Concrete Floor Coating TDS

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Vehicle Compatibility
- Name: Industrial Concrete Floor Coatings
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Seamless Eco Friendly Concrete Paint, Eco Friendly Concrete Paint TDS, 1mm Industrial Concrete Floor Coating

Product Description

Eco Friendly Solid Colors Industrial Epoxy Floor Paint For Concrete

Product Descriptions:

Product Name	Interior Epoxy Floor Coating
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.2kg/sqm per coat

Quick Details:

In spite of its chemical composition, epoxy floor coatings are environmentally friendly. They reduce the number of used materials and other resources and do not require frequent replacement. The installation is also quite eco-friendly, as it only demands saws and tools for rolling out. Epoxy floor coating is gentle on vehicle tires and won't cause decline or corrosion. As it can withstand heavy weights, epoxy also provides good support for vehicles during prolonged periods of time. Epoxy flooring is a great solution for garages because it can endure harsh substances, chemical leakage, and stains.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Quick installation
5. Customizable colors
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
