

## Strength Clear Epoxy Floor Paint Rigid 2 Part Epoxy Paint Abrasion Resistant

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

### Product Specification

- Features: Abrasion Resistant
- Materials: 2 Part Epoxy Paint
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Strength Clear Epoxy Floor Paint, Clear Epoxy Floor Paint Rigid, 2 Part Epoxy Paint Abrasion Resistant

## Product Description

### Incredible Strength Quick Installation Clear Epoxy Floor Paint Coatings

#### Product Descriptions:

Product Name	Solid Colors Epoxy Floor Coating
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

#### Quick Details:

Being a solid polymer, epoxy demonstrates exceptional strength, enduring shocks, chemical breakdown, and considerable weight. This robust coating significantly enhances concrete's load-bearing capacity, supporting weights of up to 10,000 pounds per square inch. Its chemical composition provides rigidity, effectively countering tearing, peeling, and corrosion. Industrial flooring installation is typically an extensive process, yet with concrete coatings like epoxy, applications can be expedited, reducing downtime for your company.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Quick installation
5. Customizable colors
6. Suitable for heavy use and mechanical loads

#### Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
