

100% Solids High Build Metallic Epoxy Coating 3mm Antimicrobial

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Metallic Finish
- Name: Epoxy Resin Floor Coating
- State: Liquid Coating
- Materials: Metallic Epoxy Resin
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: **100% Solids High Build Epoxy Coating, High Build Epoxy Coating Antimicrobial, Metallic Epoxy Coating 3mm**

Product Description

100% Solids High Build Metallic Epoxy Resin Coating Solvent Free

Product Descriptions:

Product Name	Metallic Epoxy Resin Floor
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

Quick Details:

Resin floors are durable and resistant to harsh chemicals. Depending on the system selected, the materials used in resin flooring can withstand years of stringent cleaning regimens. This helps avoid the cracks and damage strong chemicals can impart in other types of commercial flooring. Because these systems are seamless, they can typically be cleaned more thoroughly and efficiently. Microbes have fewer hiding places in monolithic, fluid-applied floors as compared to the numerous seams and crevices found in tile flooring. With seamless flooring, a regular cleaning routine can help rid your facility of harmful pathogens more effectively.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Chemical resistant
5. Fast application
6. Amazing and unique results

Advantages:

Epoxy resin floor coating provides a high-gloss and durable layer. Floor coatings made of 100% solid epoxy can be made to be seamless and chemical, antimicrobial and slip-resistant. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. The floors appear stunning, and your needs for performance are met. Epoxy Resin floors are great for galleries and waiting rooms, showrooms, restaurants, hotels, or any other place that needs to display a touch of glamour.
