

## Cleanable High Build Epoxy Paint Super Gloss Water Based Resins Coatings TDS

### Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

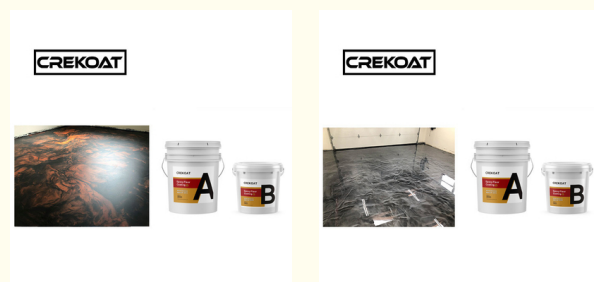

#### Product Specification

- Features: Water Based
- Name: Metallic Epoxy Floor Coating
- Materials: Epoxy Resin Floor
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Cleanable High Build Epoxy Paint, High Build Epoxy Paint Super Gloss, Water Based Resins Coatings TDS

## Product Description

### Super Gloss Durable Finish Metallic Epoxy Floor Paint Resin Coating

#### Product Descriptions:

Product Name	Residential Epoxy Flooring
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

#### Quick Details:

MTC3001 is a high-build metallic floor coating that will provide the ultimate metallic finish with incredible depth of color and the ability to use multiple different within the same floor. Once mixed properly with a drill mixer, this coating is poured out onto the floor and spread over the entire surface using a squeegee. Optional accent colors can then be poured onto the floor and gently mixed together with a roller. A final top coat is then added to ensure proper protection from high traffic and corrosive chemicals.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. Super gloss finish
6. Amazing and unique results

#### Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
