

## Casinos White Metallic Epoxy Floor Coating Scratch Resistant Hardener

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

**CREKOAT**

### Product Specification

- Features: Ultra Glossy
- Name: White Epoxy Floor Coating
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Casinos Metallic Epoxy Floor Coating, Metallic Epoxy Floor Coating Scratch Resistant, White Epoxy Floor Coating Hardener

**CREKOAT**

## Product Description

### Long Lasting Scratch Resistant Metallic Epoxy Floor Resin Coating

#### Product Descriptions:

Product Name	Rock Solid Metallic Coating
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

#### Quick Details:

Metallic epoxy floors, also referred to as metal epoxy floors, stand as durable and long-lasting flooring solutions, especially in high-traffic indoor areas. Similar to other epoxy floor systems, they exhibit resilience against moisture, impacts, abrasions, stains, chemicals, oil, and grease. Beyond their durability, they possess an inherent aesthetic appeal.

The customizable nature of metallic epoxy floors allows for a tailored appearance, available in a wide spectrum of colors. While suitable for installation in various spaces, they find particular popularity in garages, retail stores, showrooms, restaurants, casinos, and even medical facilities. Their versatility and visual appeal make them an attractive option across diverse settings.

Moreover, these floors are relatively easy to maintain and effectively repel stains, making them suitable for installation in virtually any room. Their low-maintenance nature and stain resistance further enhance their adaptability, providing a practical and visually appealing flooring solution for a broad array of environments.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. Super gloss finish
6. Amazing and unique results

#### Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
