

## Crekoat Decorative Concrete Metallic Epoxy Floor Coating 3mm Hardened Seamless

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

**CREKOAT**

### Product Specification

- Features: Water Resistant
- Name: Metallic Epoxy Floor Coating
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Crekoat Metallic Epoxy Floor Coating, Metallic Epoxy Floor Coating 3mm, Decorative Concrete Epoxy Coating Hardened

**CREKOAT**

## Product Description

### Seamless Unique Styles Metallic Epoxy Floor Coating Decorative Colors

#### Product Descriptions:

Product Name	Metallic Epoxy Floor Paint
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

#### Quick Details:

The popularity of metallic floor coatings in the residential and commercial markets has sky rocketed in recent years. This is in large part due to their stunning appearance coupled with the system's durability and ease of maintenance.

We offer both a traditional metallic epoxy system as well as a fast curing Polyaspartic metallic system for multiple layer single day and cooler temperature applications. Both systems provide applicators a variety of color combinations to achieve ideal mottling flow for exquisite floors.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. Super gloss finish
6. Amazing and unique results

#### Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
