

Hardened Metallic Epoxy Floor Coating Pigments Non Toxic Epoxy Paint VOC Free

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: VOC Free
- Name: Non Toxic Epoxy Paint
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Hardened Metallic Epoxy Floor Coating, Metallic Epoxy Floor Coating Pigments, Non Toxic Epoxy Paint VOC Free

Product Description

Non Toxic Non Flammable Epoxy Resin Floor Coating Metallic Finish

Product Descriptions:

| | |
|---------------------------|--|
| Product Name | Epoxy Resin Flooring Paint |
| Drying time (25°C) | Touch dry≤4 hours / Hard dry≤24 hours |
| Viscosity (25°C), cps | Part A 5000 - 5500, Part B 500-550 cps |
| Solid Content, % | 100 |
| Hardness, shore D | ≥85 |
| Coverage (advise 2 coats) | 0.5kg/sqm per coat |

Quick Details:

Crekoat metallic epoxy floor products that will fulfill all of your metallic epoxy resin requirements. Concrete and masonry flooring don't have to be boring—give yours the illusion of polished marble or go with a solid yet eye-catching hue to make it look spanking new.

Metallic systems are often applied as a three-coat technique, giving them a totally unique appearance with a stunning glass-like finish and an unrivaled wow effect. This coating can be used in a variety of settings, including residential, commercial, and industrial. This product is simple to install, clean, and maintain.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. Super gloss finish
6. Amazing and unique results

Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
