

Brush Two Pack Epoxy Floor Paint Hardener Chemical Resistant Epoxy Paint Glossy

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Durable High Gloss Finish
- Name: Epoxy Resin Floor Paint
- Materials: Crystal Clear Epoxy Resin
- State: Liquid Coating
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Brush Two Pack Epoxy Floor Paint, Two Pack Epoxy Floor Paint Hardener, Chemical Resistant Epoxy Paint Glossy

Product Description

Two Pack Chemical Resistant Metallic Epoxy Resin Floor Paint Glossy

Product Descriptions:

Product Name	Metallic Flooring Resin
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

Quick Details:

With metallic epoxy, you make the rules (at least when it comes to the appearance). There are different color combinations and metallic concentrations you can choose from to ensure you have awe-worthy floors.

Not only do metallic epoxy floors look great, they also protect the underlying concrete from moisture, grease, foot traffic, and more. This could save you a lot of money when it comes to maintenance, especially if you're applying the epoxy in a high-traffic area. Keep in mind that the protective benefits are only as good as the application.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. Super gloss finish
6. Amazing and unique results

Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
