Quick Details:

An epoxy flake floor represents a distinctive floor coating comprising two key components: an epoxy resin and flake aggregates. Acting as the binding agent, the epoxy resin amalgamates the flakes, which can vary in materials such as glass, metal, or plastic. Unlike other floor coatings, epoxy flake floors offer exceptional durability, boasting remarkable resistance against wear and tear. Furthermore, they feature a high gloss finish that not only enhances aesthetics but also introduces a touch of style and sophistication to any space.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. High gloss finish
5. Fast application
6. Amazing and unique results

Advantages:

Epoxy resin floor coating provides a high-gloss and durable layer. Floor coatings made of 100% solid epoxy can be made to be seamless and chemical, antimicrobial and slip-resistant.

The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products.

The floors appear stunning, and your needs for performance are met. Epoxy Resin floors are great for galleries and waiting rooms, showrooms, restaurants, hotels, or any other place that needs to display a touch of glamour.
