

Encapsulating Food Safe Deep Pour Epoxy Resin River Table Slow Cure No VOC

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: DP-3001
- Minimum Order Quantity: 500KG
- Packaging Details: 100g/250g/300g/500g/750g/1000g, 2kg/3kg/5kg/10kg/15kg/20kg/200kg per bottle
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

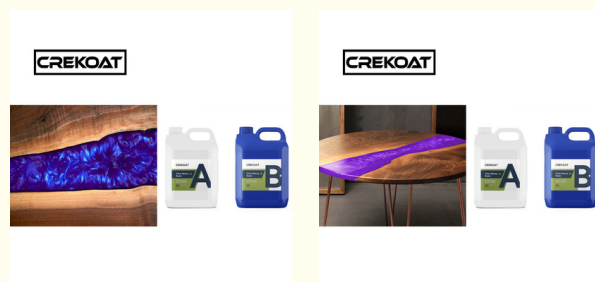

Product Specification

- Features: Water Like Quality
- Name: Deep Pour Epoxy Resin
- Materials: Clear Epoxy Resin
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Shelf Life: 12 Months
- Thickness: 5cm~10cm
- Application: Brush, Roller, Stick
- Highlight: No VOC Deep Pour Epoxy Resin, Deep Pour Epoxy Resin Slow Cure, Encapsulating Food Safe Epoxy Resin

Product Description

Food Safe No VOC Deep Pour Epoxy Resin River Table Tops Art Coating

Product Descriptions:

Product Name	Epoxy Resin For Thick Pours
Drying time (25°C)	Touch dry≤8 hours / Hard dry≤48 hours
Viscosity (25°C), cps	Part A 3000-3500, Part B 300
Solid Content, %	100
Hardness, shore D	≥90
Coverage (15kgs Kit)	1"Thick(2.54cm) 6.0 sq.ft

Quick Details:

The CREKOAT Deep Pour Epoxy Resin System stands out as the premium choice for deep pour applications. Featuring a 100% solid, two-component formula with a three to one mix ratio by volume, it is specially designed for deep casting, encapsulation, and molding needs. This slow-curing epoxy resin solidifies within 24-36 hours at 70 degrees F, resulting in a crystal-clear, glass-like finish that boasts exceptional resistance against scratching and yellowing.

Moreover, its extended gel time minimizes exothermic reactions, allowing for improved air release during curing. If you're creating ocean or river tables, CREKOAT Deep Pour is recognized as the original and finest deep pour epoxy resin available. Its formulation and performance make it a preferred choice for artisans and craftsmen aiming for exceptional results in their creative projects!

Features:

1. No VOC's and Low Odor
2. Low Viscosity
3. U.V. Resistant & Non-Yellowing
4. Self Leveling Formula
5. High Gloss Durable Finish
6. Heat and Impact Resistance

Advantages:

The Deep Pour Epoxy lends itself perfectly to river tables and projects that require a depth of pour up to 50mm in one go. Adding pigments can create stunning creative looks and elevate your project to a stunning work of art. Optically clear with good UV resistance and very low exotherm. Pour up to 50mm in depth in one pour.

Use multiple pours to build up higher depth. Due to the low exotherm you are able to pour up to 50mm with confidence. This low viscosity epoxy resin mixture leaves no hole, crack or opening unattended. The slow curing epoxy emits little to no heat and hardens to a durable and solid finish.
