1mm Roller Chemical Resistant Concrete Coating Tough Polymer Cement Coating

Basic Information

Place of Origin: CHINA
Brand Name: CREKOAT
Certification: TDS, MSDS
Model Number: PLS-1001
Minimum Order Quantity: 500KG

• Packaging Details: Part A: 20 kg in an iron bucket, Part B: 20 kg

in an iron bucket.

• Delivery Time: 5-8 working days

Payment Terms: T/T, Western Union, MoneyGram

Supply Ability: 300, 000 kg per day

Product Specification

• Features: Fast Curing

Name: Polymer Cement Coating

State: Liquid Coating
Mixing Ratio: 1:1 By Weight
Pot Life: 30 Minutes
Shelf Life: 12 Months
Thickness: 1mm~3mm

Application: Brush, Roller, Spray

• Highlight: 1mm Chemical Resistant Concrete Coating,

Roller Chemical Resistant Concrete Coating,

Tough Polymer Cement Coating

Product Description

Chemical Resistant Polyaspartic Floor Coating For Heavy Foot Traffic

Product Descriptions:

Product Name	Polyaspartic Paint
Drying time (25°C)	Touch dry≤2 hours / Hard dry≤12 hours
Viscosity (25°C), cps	Part A 200, Part B 250
Solid Content, %	100
Hardness, shore D	≥50
Coverage (advise 2 coats)	0.3kg/sqm per coat

Quick Details:

Polyaspartic Coatings have many advantages, including high durability, quick return to service, and UV Stability. They also resist abrasion and chemical resistance in harsh environments. Concrete flooring and machinery can be very tough, but they will eventually wear out without proper sealing. Whether you're in a gritty garage or a heated high-traffic commercial space, indoors or outdoors, a Polyaspartic coating can give you incredibly strong, long-lasting protection.

Features:

- 1. Fast cure times with excellent adhesion
- 2. Low Odor, No VOC
- 3. Superior chemical resistance
- 4. Superior abrasion resistance
- 5. Nonyellowing and good gloss retention
- 6. Easy to mix 1:1 ratio by volume

Advantages:

The cross linking of the Polyaspartic series film in the cure makes it exceptionally tough and durable, making it four times more abrasion resistant than normal epoxy. The chemistry is based upon polyaspartic and much attention has been given to the application and installation attributes in its formulation. As a result, the Polyaspartic clear topcoat is extremely user friendly without having sacrificed the performance of the finished floor coating product. The applications for this product are almost limitless. Polyaspartic is suited for use on high-end residential flooring applications, retail floor settings with high traffic, or food service floor areas where stain resistance and cleanability are paramount.
