

Odorless Textured Epoxy Anti Slip Floor Coating 1mm Hardness Fast Drying

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: ASL-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 18 kg in an iron bucket, Part B: 6 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

Product Specification

- Features: Non Slip
- Name: Anti Slip Floor Coating
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Odorless Anti Slip Floor Coating, Anti Slip Floor Coating 1mm, Textured Epoxy Floor Coating Hardness

Product Description

Fast Drying Odorless Anti Slip Epoxy Floor Coating Textured Finish

Product Descriptions:

Product Name	Non Slip Epoxy Floor Coating
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

Quick Details:

An industrial grade, slip resistant heavy duty epoxy floor paint that stands up to heavy wear and tear. Great for highly trafficked interior concrete floors and areas where vehicles are used and parked. As a solvent based epoxy coating, it is more hygienic to use and makes surfaces easier to clean - with the lowest price guaranteed.

Ideal for preventing slips and trips in industrial environments, our anti slip epoxy floor paint will give your floor a tough, low maintenance and long lasting finish that will last for years before needing another coating.

Features:

1. Textured gloss coloured finish
2. Resistant to stains and water
3. High durability
4. Excellent adhesion
5. Abrasion resistance
6. Suitable for heavy use and mechanical loads

Advantages:

Many companies chose epoxy flooring for its ease and strength. Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are just some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
