Quick Details:

Impermeability to stains and moisture – one of the most problematic things about unsealed concrete garage floors is that these are prone to staining. Acrylic paints provide a durable protective layer that helps to prevent hard-to-remove stains like oil spills from seeping into the concrete, solving the common dilemma of unsightly stains in garages.

Features:

1. Textured gloss coloured finish
2. Resistant to stains and water
3. Durability
4. Cost effectiveness
5. Fast Application
6. Suitable for heavy use and mechanical loads

Advantages:

Our Acrylic floor paint is an easy to apply and fast drying with low odour for foot and light truck traffic. Suitable for internal and external applications such as bricks, window ledges and walls. It can be used on tarmac as well as concrete, asphalt, wood, walls and bricks. This low odour floor paint offers a quick drying and durable coating of high quality paint. It is slip resistant, which makes it ideal for almost any different environment. Having an anti slip surface, this helps towards the prevention of injuries to employees and general domestic users.
