

Unmatched Countertop Metallic Epoxy Floor Coating Zero VOC Seamless High Build

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: MTC-3001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 15 kg in an plastic bucket, Part B: 5 kg in an plastic bucket.
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

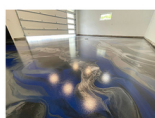

- Features: Zero VOC
- Name: Metallic Epoxy Floor Coating
- State: Liquid Coating
- Mixing Ratio: 3:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: **Unmatched Metallic Epoxy Floor Coating, Metallic Epoxy Floor Coating Zero VOC, Countertop Epoxy Coating**

Product Description

Seamless High Build Metallic Epoxy Resin Coating Great For Art

Product Descriptions:

Product Name	Metallic Epoxy Countertop
Drying time (25°C)	Touch dry≤4 hours / Hard dry≤24 hours
Viscosity (25°C), cps	Part A 5000 - 5500, Part B 500-550 cps
Solid Content, %	100
Hardness, shore D	≥85
Coverage (advise 2 coats)	0.5kg/sqm per coat

Quick Details:

Unmatched durability with Scratch, Heat, Stain, and UV Resistance! Superior raw ingredients allow an array of pigments to be added directly into the resin without affecting its performance, durability, or chemical resistance. Its super gloss finish creates a mirror-like surface that will enhance anything it's applied to. You can use it to resurface anything. Whether it's countertops or floors, art projects, garages, or basements, this epoxy coats it all.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Self leveling
5. High gloss finish
6. Amazing and unique results

Advantages:

Resin floors are a widely used flooring solution. This system utilizes a mix of materials to create a hardened resin surface. This solution is applied in a liquid form, crafting a seamless flooring system. Resin flooring solutions are incredibly durable and built to last. Some thicker types of resin flooring can even be harder than concrete.

By combining our various resins with specific chemical hardeners, the resulting proprietary systems achieve desired levels of chemical-resistance. Therefore, resin flooring is capable of withstanding years of harsh heavy-duty cleanings, making it a viable option for a wide range of applications. Optional additives can be incorporated into resin flooring to achieve desired effects, such as industrial or decorative aggregates, various pigments, decorative multicolored flakes or natural mica chip blends.
