

Drying Heavy Duty Quick Drying Concrete Floor Paint 3mm MSDS

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

Product Specification

- Features: Anti Slip
- Name: Industrial Concrete Floor Coating
- Materials: Epoxy Paint For Concrete
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Quick Drying Concrete Floor Paint,
Quick Drying Concrete Floor Paint 3mm,
Drying Heavy Duty Concrete Floor Paint

Product Description

Quick Drying Epoxy Floor Paint For Heavy Duty Industrial Areas

Product Descriptions:

Product Name	Epoxy Floor Paint
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

Quick Details:

Economical long-term protection in demanding conditions.
Incredibly durable and hard-wearing with excellent resistance to water, solvents, acids, alkalis and salts.
Excellent cross-linking with 2-Pack Epoxy Floor Sealer (First Coat).
Trouble-free application by roller or brush.
Recommended for heavy-duty commercial and industrial areas.
Ideal for areas that will be receiving heavy traffic such as vehicles and trucks.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Cost effectiveness
5. Fast application
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
