

## Crekoat Solvent Based Industrial Epoxy Floor Coating For Domestic Flooring

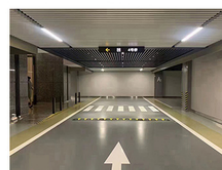

### Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

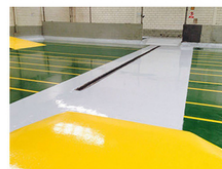

CREKOAT

#### Product Specification

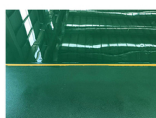

- Features: Fast Curing
- Materials: Industrial Floor Paint
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Crekoat Industrial Epoxy Floor Coating, Solvent Based Industrial Epoxy Floor Coating, Solvent Based Epoxy Floor Coating

## Product Description

### Solvent Based Epoxy Paints For Domestic And Industrial Flooring

#### Product Descriptions:

Product Name	Concrete Floor Coatings
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.2kg/sqm per coat

#### Quick Details:

The exceptionally durable Epoxy Floor Paint offers outstanding gloss enhancement to cement and concrete floors, coupled with remarkable resistance against various chemicals. It's especially well-suited for interior cement and concrete floors necessitating elevated levels of abrasion and impact resistance, such as garage floors, tennis courts, walkways, and factory floors.

This high-performance Epoxy Floor Paint not only enhances the aesthetic appeal of floors but also ensures robust protection against abrasions and impacts, making it an ideal choice for demanding environments.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Cost effectiveness
5. Fast application
6. Suitable for heavy use and mechanical loads

#### Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
