

## Glossy Epoxy Floor Paint 3mm Spray Epoxy Top Coat For High Traffic Areas

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

CREKOAT

### Product Specification

- Features: Seamless Finishes
- Materials: Epoxy Top Coat
- State: Liquid Coating
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: Glossy Epoxy Floor Paint, Epoxy Floor Paint 3mm, Spray Epoxy Top Coat

## Product Description

### Chemically Curing Glossy Epoxy Floor Paint For High Traffic Areas

#### Product Descriptions:

Product Name	Epoxy Resin Paint
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

#### Quick Details:

Epoxy Resin Floor Coating HB is a two-pack solvent free, high build epoxy resin coating. It is designed as a heavy duty coating at a thickness from 200 to 500 microns. The coloured high gloss finish is extremely hard wearing and has good general chemical resistance.

Epoxy Floor Coating HB has a low-odour during application and provides a sealed, continuous and hygienic floor surface when cured. This epoxy floor coating is easily applied and provides a tough, resilient, corrosion and abrasion-resistant finish. Anti-slip finishes can be achieved by the inclusion of aggregates.

#### Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Cost effectiveness
5. Fast application
6. Suitable for heavy use and mechanical loads

#### Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
