

HB Industrial Epoxy Floor Coating Corrosion 1mm Coloured Floor Paint

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: SBTC-4001
- Minimum Order Quantity: 500KG
- Packaging Details: Part A: 20 kg in an iron bucket, Part B: 5 kg in an iron bucket
- Delivery Time: 5-8 working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 300, 000 kg per day

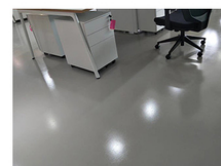

CREKOAT

Product Specification

- Features: Low Odour
- Name: Industrial Epoxy Floor Coating
- Materials: Concrete Floor Epoxy
- State: Liquid Coating
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Thickness: 1mm~3mm
- Application: Brush, Roller, Spray
- Highlight: HB Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating Corrosion, 1mm Coloured Floor Paint

Product Description

Stunning Coloured Industrial Epoxy Floor Paint Smooth Finish

Product Descriptions:

Product Name	Two Part Epoxy Paint
Drying time (25°C)	Touch dry≤6 hours / Hard dry≤24 hours
Impact resistance 500g steel ball (g·cm)	Pass
Wear resistance (700g / 500r)	≤0.03g
Pencil Hardness (H)	≥3
Coverage (advise 2 coats)	0.25kg/sqm per coat

Quick Details:

The HB (high build) version of Epoxy Resin Floor Coating has a higher solid content level than our standard Epoxy Resin Floor Coating. When applied to a surface, this provides a dry coat thickness of nearly four times the thickness of the standard product. This provides a more substantial coating on the surface, creating a tough, resilient, corrosion and abrasion resistant finish. Epoxy Resin Floor Coating HB is ideal for use in the food industry such as dairies, breweries and bakeries where solvent based products are prohibited.

Features:

1. Seamless, easily cleanable surface
2. Resistant to stains and water
3. Durability
4. Cost effectiveness
5. Fast application
6. Suitable for heavy use and mechanical loads

Advantages:

Epoxy flooring is the perfect solution for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are just some of the industries for which epoxy flooring is the perfect solution.

Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps.
