High Gloss Crystal Clear Epoxy Resin Kit Casting and Coating

Quick Details Of Crystal Clear Epoxy Resin:

The deep cast epoxy is designed with low odor, zero VOC and slow exothermic reaction to prevent cracking and shrinkage. Powdered colorants, dyes, and alcohol inks can be mixed into epoxies for stunning special effects that add vibrancy to any bed, potted object, void, turning project, custom wood table, or art project. This 2:1 mix ratio product is formulated to reduce exotherm (heat buildup), allowing users to pour thicker parts without delayed delamination like standard epoxies.
