

Non Toxic Metallic Epoxy Flooring Resin Clear Epoxy Polyaspartic Base

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Brand Name: Metallic Floor
- Qualities: Excellent Wear And Tear Resistance
- Materials: Clear Epoxy Floor Coating
- Key Words: Glass Like Metallic Finish
- Application: Flooring And Counter Top
- Mixing Ratio: 2:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Non Toxic Metallic Epoxy Flooring Resin, Polyaspartic Base Metallic Epoxy Flooring Resin**

Product Description

Metallic Flooring Non Toxic Epoxy Resin Clear Epoxy Polyaspartic Base

Quick Details Of Non Toxic Epoxy Resin:

Metallic epoxy floors are built to last, even in high-traffic interior spaces. Like other epoxy flooring systems, they are resistant to moisture, impact, abrasion, stains, chemicals, oils and grease. Plus, they're very pretty. You can customize their appearance and they come in a variety of colors. Your floors will have a smooth, glass-like finish. You can also customize the look, including color, metal content and various effects. Color: You can choose from clear, silver, or vibrant metallic. Your contractor will add your color to the regular epoxy. Amount of Metallic: You can choose the amount of metallic you want, use less for a subtle shimmer effect. Use more for an eye-catching look. Effect: Metal floors empower your creativity. You can get a marble effect floor, or one that looks 3D.

Features Of Non Toxic Epoxy Resin:

1. Self leveling, high build coating
2. against wear and tear, acids, and yellowing
3. Perfect for commercial, industrial or residential use
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Non Toxic Epoxy Resin:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Installation technique is what determines the final look of your floor and is a key part of achieving the desired look.

Metallic epoxy floor coatings are not only aesthetically pleasing, but also offer many other benefits. Metallic epoxy floor coatings can be customized to be extremely durable, low yellowing, seamless, antimicrobial, non-slip and chemical resistant. These floors not only look beautiful, but can meet all your performance needs. They are perfect for waiting rooms, exhibition rooms, restaurants, galleries and more.

Product Descriptions Of Non Toxic Epoxy Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa.s	50-150
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Max Pour Depth	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
