

Durable Metallic Epoxy Floor Coating Countertop Waterproof UV Resistant

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Corporate Name: Epoxy Resin Floor
- Peculiar: Safe And UV Resistant
- Materials: Epoxy Resin And Hardener
- Key Words: Glass Like Metallic Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Countertop Metallic Epoxy Floor Coating, Metallic Epoxy Floor Coating UV Resistant, Waterproof Metallic Epoxy Floor Coating

Product Description

Metallic Epoxy Countertop Epoxy Resin Waterproof Floor Coating

Quick Details Of Epoxy Resin Waterproof:

Homeowners and business owners have many reasons to choose metallic coatings. This unique effect is an economical custom solution. Metallic epoxy floors are even less costly than many other flooring systems. This makes it an alternative to the ordinary and typical without sacrificing quality and aesthetics.

Metallic epoxy floor coatings are a unique solution that can be used for both homes and businesses. At home, this beautiful finish is often used to upgrade the base epoxy. Metal epoxy basement flooring creates a one-of-a-kind living space that seals out moisture and adds brightness and depth to a space that might otherwise appear dark and cold. Businesses of all types appreciate the professional and stylish look of metal epoxy finishes. This effect can be used in hair salons, hotel lobbies, restaurants, car showrooms, office buildings, shopping malls, etc.

Features Of Epoxy Resin Waterproof:

1. Eco-safe, Zero VOC
2. Durable and Made to Last
3. Maximum UV resistance
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Epoxy Resin Waterproof:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Installation technique is what determines the final look of your floor and is a key part of achieving the desired look.

Metallic epoxy floor coatings are not only aesthetically pleasing, but also offer many other benefits. Metallic epoxy floor coatings can be customized to be extremely durable, low yellowing, seamless, antimicrobial, non-slip and chemical resistant. These floors not only look beautiful, but can meet all your performance needs. They are perfect for waiting rooms, exhibition rooms, restaurants, galleries and more.

Product Descriptions Of Epoxy Resin Waterproof:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa.s	50-150
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Max Pour Depth	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops.
