

## Smooth Metallic Garage Floor Paint Clear Liquid Epoxy Resin

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

**CREKOAT**

### Product Specification

- Their Name: White Epoxy Floor
- Usual: High Quality Raw Materials
- Materials: Epoxy Resin And Hardener
- Key Words: Glass Like Metallic Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Smooth Metallic Garage Floor Paint, Clear Liquid Metallic Garage Floor Paint

**CREKOAT**

## Product Description

### Transparent Clear Liquid Epoxy Resin Metallic Epoxy Garage Coating

#### Quick Details Of Clear Liquid Epoxy Resin:

Typically, metallic epoxies are available in silver, clear or metallic coloring options. The amount of metal you want to use is also very important, as the more metal in the epoxy, the shinier the floor surface will be.

What is remarkable about this floor is that you can add aesthetic effects to the floor to give it a marble or 3D look. Basically, Metallic Epoxy is a highly customizable floor paint for garages, dance halls, home interiors, and just about anything else you can think or imagine.

Metallic epoxy flooring systems also last a long time. The function of the floor determines the service life of the epoxy floor, often depending on traffic or exposure to the material. However, a well-cared-for epoxy floor, with moderate functional use, can last a homeowner for 20 years or so.

#### Features Of Clear Liquid Epoxy Resin:

1. Easy & Smooth Mixing Process
2. Hard as Rock once cured
3. Unique 3D look appearance
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough and water resistant coating

#### Advantages Of Clear Liquid Epoxy Resin:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Installation technique is what determines the final look of your floor and is a key part of achieving the desired look.

Metallic epoxy floor coatings are not only aesthetically pleasing, but also offer many other benefits. Metallic epoxy floor coatings can be customized to be extremely durable, low yellowing, seamless, antimicrobial, non-slip and chemical resistant. These floors not only look beautiful, but can meet all your performance needs. They are perfect for waiting rooms, exhibition rooms, restaurants, galleries and more.

#### Product Descriptions Of Clear Liquid Epoxy Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa.s	50-150
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Max Pour Depth	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops.
