

## Smooth Durable Industrial Epoxy Floor Coating Industry Proven Strength

### Our Product Introduction

#### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

#### Product Specification

- Highly Regarded Name: Epoxy Self Leveling
- Quintessential: Chemical Resistant Finish
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Durable Industrial Epoxy Floor Coating,  
Smooth Industrial Epoxy Floor Coating**

## Product Description

### Smooth Durable Industrial Epoxy Floor Coating Industry Proven Strength

#### Quick Details Of Industrial Epoxy Floor Coating:

In a fast-paced environment such as a manufacturing plant, attention must be paid to the details of areas such as floors. Exposed concrete from the manufacturer can cause problems. Due to the continuous movement of heavy machinery, unprotected concrete will eventually begin to crack and break. Protect your facility with a commercial grade floor coating made of Crekoat Epoxy. This will help prevent this from happening.

Any cracks or dents in your concrete base now seem like a minor issue, but given the heavy vehicle traffic in your warehouse, they won't always be a minor issue. The cost of concrete repairs can quickly become expensive, which is why so many industrial facilities turn to us to protect their floors. Our industry proven floor coatings provide you with a wide range of choices, including the ultra high building industrial flooring trusted by some well-known brands in the industry.

#### Features Of Industrial Epoxy Floor Coating:

1. Durable, 2-part epoxy formula
2. Works on interior concrete surfaces
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

#### Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

#### Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
