

Heavy Duty Glossy Industrial Epoxy Floor Coating Non Slip Concrete Surface

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Proprietary Name: Factory Floor Paint
- Prototypical: Chemical Resistance
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Heavy Duty Industrial Epoxy Floor Coating,
Concrete Surface Industrial Epoxy Floor Coating
, Non Slip Industrial Epoxy Floor Coating**

Product Description

Heavy Duty Glossy Industrial Epoxy Floor Coating Non Slip Concrete Surface

Quick Details Of Industrial Epoxy Floor Coating:

Whether you want to create a concrete surface with a heavy-duty glossy finish, a non slip concrete surface, or just a thin sealant, our epoxy floor coating can provide you with service! The concrete floors of many industrial facilities may become dangerous under humid conditions or in the event of chemical leakage. Anti slip concrete epoxy resin floor coating helps prevent injuries related to slipping and falling.

For over 30 years, Crekoat Epoxy's commercial epoxy floor coatings have been proven to be the preferred compound for many Fortune 500 companies, even in the most difficult situations. Our epoxy floor coating experts at Crekoat Epoxy understand the tools, products, and programs that can bring you the best results.

Features Of Industrial Epoxy Floor Coating:

1. Conductivity and electrostatic control
2. Durability, decorative options
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months
