

No Odor Industrial Epoxy Floor Coating 100% Solid Epoxy Resin

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Business Names: Industrial Concrete Coatings
- Sign: Low Odor, Low VOC
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **100% Solid Industrial Epoxy Floor Coating, 100% Solid Epoxy Resin**

Product Description

No Odor Industrial Epoxy Floor Coating 100% Solid Epoxy Resin

Quick Details Of Industrial Epoxy Floor Coating:

Industrial grade 100% solid epoxy resin flooring is specially formulated for facilities such as heavy-duty manufacturing environments, recycling plants, warehouses, commercial venues, retail locations, aircraft hangers, and parking lots. Just a few examples

The epoxy resin professional 100% solid epoxy resin floor coating system produces an attractive flooring that is sturdy enough for the most demanding industrial facilities. It will dry and solidify quickly, so the downtime is very short; Pedestrian transportation is completed within 12 hours, while motor vehicles are completed within 24 hours or less. It can resist high temperatures, harsh chemical leaks, fuel and acids, has zero volatile organic compounds, almost no odor, has a high gloss surface, and can increase light reflectivity by 400%.

Features Of Industrial Epoxy Floor Coating:

1. Superior adhesion coating
2. Ensures no hot tire pickup
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
