

## Polyaspartic Industrial Epoxy Floor Coating Longer Service Life MSDS

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

### Product Specification

- Sales Description: Industrial Concrete Paint
- Custom: Resist Hot Tire Pick Up
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Polyaspartic Industrial Epoxy Floor Coating, MSDS Industrial Epoxy Floor Coating**

## Product Description

### Polyaspartic Industrial Epoxy Floor Coating Longer Service Life

#### Quick Details Of Industrial Epoxy Floor Coating:

We provide various industrial and commercial epoxy resins and polyaspartic acid floor coatings, which can be customized according to your space. Our epoxy resin floor coating can hide wear and daily wear, making the floor more beautiful and has a longer service life. This saves business owners time and reduces maintenance costs by minimizing the need for large-scale maintenance. These coatings are bright, durable, easy to clean, and have low maintenance costs. Regardless of your industry, we can customize these coatings to meet most brand standards and color schemes, while also complying with worker safety regulations. With fresh, clean, and attractive flooring, you will enhance the customer experience in your space.

#### Features Of Industrial Epoxy Floor Coating:

1. Resists cracking, peeling, chemical spills
2. Provides a showroom quality floor in 1-coat
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

#### Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

#### Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months
