

Heavy Traffic Industrial Epoxy Floor Coating For Warehouses Parking Lots

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Invented Name: Heavy Duty Epoxy Floor Coating
- Habitual: Highly Flexible And Durable
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Heavy Traffic Industrial Epoxy Floor Coating, Warehouses Industrial Epoxy Floor Coating

Product Description

Heavy Traffic Industrial Epoxy Floor Coating For Warehouses Parking Lots

Quick Details Of Industrial Epoxy Floor Coating:

The floor coating system for industrial facilities is the most challenging task in architecture. They must withstand continuous traffic and mechanical wear, as well as the abuse of corrosive liquids, high temperatures, and severe impacts. If the floor cannot withstand pressure, everything else is in danger. Our floor coating system is designed to adapt to specific conditions in specific industry sectors, including automotive, electronics, chemical, food and beverage facilities, warehouses, parking lots, etc. Due to its high wear resistance and chemical resistance, our industrial flooring can easily handle busy traffic, large equipment, wear or harsh chemicals. Our unique flooring system can protect your work environment from electrostatic discharge and provide appropriate grounding for the human body and footwear.

Features Of Industrial Epoxy Floor Coating:

1. Low odor & VOC Free
2. Kit covers up to 200-250 Sq. Ft.
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
