

Anti Slip Seamless Industrial Epoxy Floor Coating Easy To Clean Flooring System

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 300KG
- Price: US\$3.5-5.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Corporate Name: Heavy Duty Epoxy Floor Paint
- Properties: Adheres Without Stripping
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Seamless Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating Anti Slip

Product Description

Anti Slip Seamless Industrial Epoxy Floor Coating Easy To Clean Flooring System

Quick Details Of Industrial Epoxy Floor Coating:

We provide anti slip textures to reduce the risk of injury on damp surfaces. The seamless and easy to clean flooring system comes in a variety of colors and surface textures, including matte and glossy finishes, creating a miracle for facility aesthetics. Many people spend over 80% of their time indoors, and we are committed to improving indoor air quality. Our flooring system meets or exceeds low VOC requirements and contributes to multiple aspects of green building certification.

Epoxy paint is one of the most common heavy-duty floor coatings, and the reason is easy to understand; They are durable and highly resistant to everything from acid to oil. One of the biggest advantages of polyaspartic acid coating is that it only applies one layer, which saves time and money as it requires fewer materials. And their healing speed is also very fast - you can safely re-enter the space within a few hours after application.

Features Of Industrial Epoxy Floor Coating:

1. UV Stable stopping the sun from degrading
2. Safe for humans and pets, can be used indoors
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant coating

Advantages Of Industrial Epoxy Floor Coating:

Epoxy flooring is specifically designed for floors that must withstand extreme temperatures, foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding over years of constant use. Food processing, electronics, pharmaceutical, meat and poultry, distilleries, dairy, industrial, and manufacturing facilities are some of the industries for which epoxy flooring is the perfect solution. Because epoxy is poured, there aren't seams, joints, or ridges like with tile or other types of flooring. This makes epoxy a more sanitary flooring option, eliminating cracks and crevices for dirt and bacteria to hide during cleanings. Also, its smooth surface makes it easier for hospital gurneys or forklifts to roll over without jostling or resistance from floor seam bumps. It is a high-performance decorative coating used for the floor.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
