

Self Leveling Concrete Garage Floor Paint Epoxy Resin Flooring Systems

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Model Number:
- Minimum Order Quantity: 300KG
- Price:
- Packaging Details:
- Delivery Time: Payment Terms:
- 3-7 Working days

CHINA

CREKOAT

CK-PT4001

US\$3.5-5.5/Kg

SGS, TDS, MSDS

T/T, Western Union, MoneyGram

Bottle/Carton/Wooden Box

Supply Ability: 1000000 Ton/Year

Product Specification

- Business Name:
- Marked:
- Materials:
- Key Words:
- Application:
- Mixing Ratio:
- Pot Life:
- Shelf Life:
- Highlight:

- Industrial Garage Floor Epoxy
- Ultra Fast Drying
- Epoxy Resin And Hardener
- Seamless, High Gloss Finish
- Wood, Brick, Ceramic, Concrete
- 4:1 By Weight
- 30 Minutes
- 12 Months
- Self Leveling Concrete Garage Floor Paint, Epoxy Resin Concrete Garage Floor Paint

Our Product Introduction

Self Leveling Concrete Garage Floor Paint Epoxy Resin Flooring Systems

Quick Details Of Concrete Garage Floor Paint:

Epoxy resin may be the most well-known resin flooring technology due to its excellent mechanical and chemical properties. Epoxy resin flooring can also be customized into various colors, styles, effects, and decoration options. However, there are different types of epoxy resin flooring systems available for various applications. When floor terminology is interchangeable, confusion can sometimes arise, such as coating=floor=screed. This is not technically accurate as different terms have their own profiles and properties.

In terms of aesthetics, epoxy resin flooring is seamless and versatile, capable of producing various colors, styles, effects, and decorative options. These properties are suitable for use in industrial and commercial facilities and venues. There are several common types of epoxy resin flooring, such as epoxy terrazzo flooring, epoxy flake coating, epoxy floor coating, and epoxy self-leveling agent.

Features Of Concrete Garage Floor Paint:

- 1. Protects against scratches, spills, dirt and more
- 2. Non-yellowing, non-ambering and low odor
- 3. Odorless, non-flammable
- 4. Easy to apply, clean and maintain
- 5. Naturally de-foaming with no ripples
- 6. Tough, high gloss, water resistant coating

Advantages Of Concrete Garage Floor Paint:

The chemical and acid resistant epoxy phenolic resin coating kit is a two layer acid and chemical resistant phenolic resin coating system. The characteristic of this system is a layer of reinforced epoxy phenolic varnish primer, followed by a layer of phenolic varnish topcoat. This 2-layer floor coating system is very suitable for use in harsh environments where chemical/acid resistance is crucial. We recommend using it in chemical plants, breweries, wineries, breweries, processing plants, battery storage rooms, chrome plating facilities, and other similar applications. This 2-layer coating is designed for applications that frequently experience splashes/spills of acids, chemicals, and solvents. By allowing the primer to "grab" the concrete and then bonding the topcoat to the primer, a super strong and efficient floor coating is formed, thereby enhancing the strength of the floor. This type of floor can also withstand normal wear and tear, impact drops, pH cleaners, liquids, and any other substances that may enter the floor. It is very easy to clean, just use a mop or wet vacuum cleaner, and quickly make your floor look new.

Product Descriptions Of Concrete Garage Floor Paint:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)	
Appearance	Liquid	Liquid	
Color	Custom Colors	Transparent	
Density@25ºC	1.3g/cm3		
Mix Ratio	4:1 by weight		
Hardness	ЗН		
Pot Life	30-40mins@25 ^e C		
Curing Time	16-24hrs@25ºC, 12-15hrs@35ºC		
	24hrs, Dry Completely		
Recoat Time	2Hrs		
Thickness	1-3 mm		
Shelf Life	12 N	12 Months	
Application	Industrial Use - Garages; Warehouses; Airports and hangars; Commercial Use - Shopping malls and boutiques; Hotels; Offices; Showrooms; Restaurants; Hospitals; Schools; Bar Tops, Table Tops. Residential Use – Entrances and hallways; basements; entertainment rooms; bathrooms; kitchens and living rooms;
