Product Description

Resist Wear Tear Epoxy Resin Floor Coating For Broadcast Flake System

Quick Details Of Epoxy Resin Floor Coating:

If you are looking for a coating that can resist damage and labeling from chemicals and oils, which can easily be washed away, then this product is perfect for you. It can also resist the wear and tear of chemicals and other factors, such as moving furniture, playing with children, and other activities that can cause scratches or damage the appearance. Our flake system can be installed on uneven surfaces because the texture hides any existing defects, including scratches, debris, and turf. As is well known, this coating can last for 20 years, and if you regularly clean and maintain it, its service life will be longer. If needed, they can be touched to extend their lifespan, making them a sustainable, environmentally friendly, and cost-effective choice.

Features Of Epoxy Resin Floor Coating:

1. Delivers an exceptional look to any floor
2. Chips available in 4 sizes and over 60 colors
3. Odorless, Non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant

Advantages Of Epoxy Resin Floor Coating:

Epoxy Flake Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
