## Product Description

### Epoxy Flake Coating Decorative Color Chips For Paint Garage Or Driveway Floor

#### Quick Details Of Epoxy Flake Coating:

Do you plan to enhance your garage or driveway floor with something durable and able to withstand heavier loads? Have you considered epoxy flake coating? It will give the area a unique and modern appearance while ensuring the lifespan of the flooring. Epoxy flake coating is a new advanced multi-layer floor finish or floor covering technology that uses paint, metallic or vinyl based dry flakes or chips, and a base coating to create a smooth, durable, and multi-color finish. The flake floor jacket comes in various sizes, colors, styles, and textures, and can be customized according to any space and preferences of the owner. This is a practical and universal chemical solution with high impact resistance, chemical resistance and scratch resistance, making it a good choice for household and industrial use.

#### Features Of Epoxy Flake Coating:

1. Moisture blocking ability built in
2. Fast curing, VOC compliant
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant

#### Advantages Of Epoxy Flake Coating:

Epoxy Flake Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
