Product Description

Decorative Color Flakes Clear Epoxy Resin Coating For Swimming Pool Decks

Quick Details Of Clear Epoxy Resin Coating:

Unlike traditional flooring options, decorative color flakes come in multiple colors, sizes, and styles that can be customized to enhance any decorative effect. Observe creativity and personality through customized flake flooring, allowing your passion to be unleashed to the fullest. Combine the color scheme of surrounding building materials and integrate them together to unify the design features of the environment. Different colors can be set at both ends of the spectrum to produce dramatic effects. Alternatively, by pairing similar colors adjacent to each other in the spectrum, we can incorporate subtle calmness. Decorative color flake flooring systems have many recommended application environments, including but not limited to car dealerships, laboratories, banquet halls, self-service laundries, bars, lunchrooms, basements, nightclubs, bathrooms, offices, pet shops, meat shops, pharmaceutical factories, restaurants, swimming pool decks, etc.

Features Of Clear Epoxy Resin Coating:

1. Seamless flow of wall to wall beauty
2. Deadens the noise of foot traffic
3. Odorless, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Tough, high gloss, water resistant

Advantages Of Clear Epoxy Resin Coating:

Epoxy Flake Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
