Quick Details Of Deep Pour Epoxy Resin:

If you want to coat your tabletop or artwork, please choose a fast curing resin, such as our crystal clear artwork & topcoat resin. Our deep pour resin is suitable for pouring high thickness river tables. Crystal clear casting resin is suitable for thinner casting parts below 2 cm. We provide you with high-quality, crystal clear, and UV resistant epoxy resin. Casting resin is popular in various art, DIY, and craft projects because its initial viscosity is relatively low.
