

Color Pigments Metallic Epoxy Floor Coating Durable Long-Lasting Flooring

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 400KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Category: Pearl Epoxy Floor
- Special: High-Gloss Finish
- Key Words: 100% Solids Epoxy Resin
- Materials: Epoxy Clear Coat
- Application: Wood, Ceramic Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Durable Metallic Epoxy Floor Coating**

Product Description

Color Pigments Metallic Epoxy Floor Coating Durable Long-Lasting Flooring

Quick Details Of Metallic Epoxy Floor Coating:

Our metallic pigments offer a range of distinctive effects through various installation techniques. When manipulated using different methods, these pigments display unique reflective qualities – rotating, twisting, and clustering when stirred with a roller or brush. By utilizing modified alcohols or solvents, contractors disperse these pigments across the entire epoxy resin surface, creating visually intriguing patterns before drying.

To enhance artistic expression, blowers serve to push, impact, and generate rippling effects with the pigments. Contractors have the freedom to experiment with a combination of spots and multiple colors, enabling the creation of even more exclusive and diverse effects. This unparalleled creativity and customization provide a spectrum of possibilities for designers and contractors, allowing them to achieve truly distinctive and remarkable metallic effects.

Features Of Metallic Epoxy Floor Coating:

1. Offer a range of installation methods to achieve unique effects
2. Reflecting light at various angles, resulting in captivating visual effects
3. Creating intriguing visual patterns and textures
4. Introducing additional depth and texture to the surface
5. Allowing for the creation of even more unique and customized effects
6. Decorative marble appearance flooring

Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa·s	50-150 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	8-12hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
