

3D Effect Metallic Epoxy Floor Coating Resist Stains Chemicals And Wear

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 400KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Quality: Metallic Pearl Effect Epoxy
- Tremendous: Stunning, Modern Look
- Key Words: 100% Solids Epoxy Resin
- Materials: Epoxy Clear Coat
- Application: Wood, Ceramic Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Chemicals Metallic Epoxy Floor Coating, Wear Metallic Epoxy Floor Coating**

Product Description

3D Effect Metallic Epoxy Floor Coating Resist Stains Chemicals And Wear

Quick Details Of Metallic Epoxy Floor Coating:

Metallic epoxy resin flooring is a popular choice for restaurants and other commercial spaces because it provides a unique and modern appearance that can be customized to match the decoration of the restaurant. The metallic epoxy system is a mixture of metallic pigments and epoxy resin. The pigment is mixed into epoxy resin to create an amazing 3D effect that is both eye-catching and durable. Metallic epoxy resin flooring is an excellent choice for restaurants as it can resist stains, chemicals, and wear, making it an ideal choice for busy areas such as restaurants, lobbies, and entrances. The reflective surface of the floor also enhances the lighting of the room, creating a brighter and more attractive atmosphere. The floor is easy to clean and maintain, requiring only routine cleaning and mopping.

Features Of Metallic Epoxy Floor Coating:

1. Fluid, dynamic and versatile designs
2. Economical and cost effective
3. Custom colors and textures available
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa·s	50-150 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	8-12hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops.
