

## High Gloss Metallic Epoxy Floor Coating For Commercial Applications

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 400KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

### Product Specification

- Characters: Great For Any Garage, Basement
- Elite: Silver Metallic Epoxy Floor
- Key Words: 100% Solids Epoxy Resin
- Materials: Epoxy Clear Coat
- Application: Wood, Ceramic Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: Commercial Epoxy Floor Coating

## Product Description

### High Gloss Metallic Epoxy Floor Coating For Commercial Applications

#### Quick Details Of Metallic Epoxy Floor Coating:

Essentially, the gloss intensity of the floor tells you about how bright it is. Gloss refers to the amount of light reflected from the surface. Therefore, the higher the glossiness of a surface, the more it shines. By cleverly shaping the pigment layer, aggregating nanoparticles in certain areas and leaving fewer nanoparticles in other areas. Depth, motion, waves, currents, clouds, and more are all achieved through cleverly designed and executed metallic flooring. When it comes to metallic epoxy resin, the choice depends on you! There is nothing wrong with standard epoxy resin flooring. They are amazing, durable, and effective. However, if you want to present the best results, please check out our metal epoxy resin flooring design. Each is unique, each is customized, and all are luxurious.

#### Features Of Metallic Epoxy Floor Coating:

1. Produce marbled gleaming finishes
2. Newest solution for commercial applications
3. Custom colors and textures available
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

#### Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

#### Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa·s	50-150 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	8-12hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
