

Scratches Resistant Metallic Garage Floor Paint Concrete Epoxy Coating

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 400KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Line Name: Blue Metallic Epoxy
- Mark: Lustrous Durability
- Key Words: 100% Solids Content
- Materials: Epoxy Resin Topcoat
- Application: Wood, Ceramic Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: Scratches Resistant Metallic Garage Floor Paint , Concrete Epoxy Metallic Garage Floor Paint

Product Description

Scratches Resistant Metallic Garage Floor Paint Concrete Epoxy Coating

Quick Details Of Metallic Epoxy Floor Coating:

Durability is a hallmark of metallic epoxy floors. These floors are highly resistant to scratches, stains, and chemical damage, ensuring they maintain their pristine appearance for years to come. The epoxy coating provides a protective layer that strengthens the underlying concrete, making it more resistant to wear and tear, even in high-traffic areas. Metallic epoxy floors can be applied in various settings, ranging from residential to commercial and industrial spaces. Their versatility makes them suitable for a wide range of applications, including homes, galleries, retail stores, restaurants, and showrooms. Whether used to create a captivating centerpiece or as a consistent flooring option throughout an entire space, metallic epoxy floors add a touch of elegance and modernity wherever they are installed.

Features Of Metallic Epoxy Floor Coating:

1. Aesthetics and remarkable durability
2. Visual impact and impressive longevity
3. Custom colors and textures available
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 mPa·s	50-150 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	8-12hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
