Product Description

Highly Durable Epoxy Flake Floor Coating For Hospitals Airplane Hangars

Quick Details Of Epoxy Flake Floor Coating:

Epoxy flake coating is a versatile and cost-effective flooring solution that offers a wide range of design options. It can be customized to match any décor with an endless combination of colors, flakes, and patterns. This coating system is highly durable and can withstand heavy foot and vehicle traffic, making it ideal for high-traffic areas. Epoxy flake coating is also resistant to stains, chemicals, and UV rays, ensuring a long-lasting and low-maintenance flooring solution. It is suitable for a variety of applications, including residential, commercial, and industrial spaces such as garages, schools, hospitals, and even airplane hangars. With its seamless finish and slip-resistant properties, epoxy flake coating is a practical and stylish choice that offers both aesthetic appeal and functionality.

Features Of Epoxy Flake Floor Coating:

1. Withstands exposure to chemicals
2. Available in a range of colors and patterns
3. Odorless, low VOC, non-flammable
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

Advantages Of Epoxy Flake Floor Coating:

Epoxy Flake Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
