

Non Slip Industrial Epoxy Floor Coating High Adhesion

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: SGS, TDS, MSDS
- Model Number: CK-PT4001
- Minimum Order Quantity: 400KG
- Price: US\$3.0-4.0/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Line Denotation: Epoxy Painted Concrete Floors
- Functionality: High Adhesion
- Materials: Epoxy Resin And Hardener
- Key Words: Seamless, High Gloss Finish
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 4:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Non Slip Industrial Epoxy Floor Coating, Industrial Epoxy Floor Coating High Adhesion**

Product Description

Non-Slip Industrial Epoxy Floor Coating For Heavy-Duty Applications

Quick Details Of Industrial Epoxy Floor Coating:

Industrial epoxy floor is composed of a robust epoxy resin system specifically designed for heavy-duty applications. It exhibits exceptional strength, chemical resistance, and durability. With its high-performance formulation, it can withstand extreme temperatures, heavy impacts, and harsh chemicals. Industrial epoxy floors are commonly applied in warehouses, manufacturing plants, industrial facilities, and automotive workshops, where they provide a seamless, non-slip surface that can handle heavy machinery, forklifts, and foot traffic. These floors are also easy to clean and maintain, making them ideal for environments that require a hygienic and long-lasting flooring solution.

Features Of Industrial Epoxy Floor Coating:

1. Offer long-lasting resilience
2. Chemical-resistant and moisture-resistant
3. Non-slip surface for enhanced safety
4. Easy to apply, clean and maintain
5. Withstand heavy equipment and machinery
6. Suitable for industries and commercial spaces

Advantages Of Industrial Epoxy Floor Coating:

Epoxy floor coating is a flooring system composed of epoxy resin and hardener that creates a strong, durable, and long-lasting surface. This coating system is highly resistant to abrasion, chemicals, and moisture, making it ideal for high-traffic areas in commercial, industrial, and residential settings. Epoxy floor coating can be customized with a variety of colors, patterns, and textures, providing a unique and decorative finish. It is easy to clean and maintain, reducing the need for harsh chemicals and providing a low-maintenance flooring solution. Epoxy floor coating is also slip-resistant, improving safety in workplaces and homes. This flooring system can be applied to a variety of substrates, including concrete, wood, and metal, providing versatility and adaptability to any space. With its durability, customization options, and low-maintenance properties, epoxy floor coating is a popular and practical choice for both residential and commercial applications.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Base Material(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Customized Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	4:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	16-24hrs@25°C, 12-15hrs@35°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
