Product Description

Blending Color Epoxy Flake Floor Coating For Hangars Aircraft Facilities

Quick Details Of Epoxy Flake Floor Coating:

Epoxy Flake Floor Coating epitomizes flooring innovation. Blending epoxy resin with decorative flakes, it crafts a floor that's a fusion of strength and style. Withstanding the rigors of daily use, from foot traffic to spills, it finds its home in garages, homes, and commercial spaces. Yet, its allure doesn't stop at durability. A myriad of colors and flake combinations allows you to tailor your floor, transforming it into an artful centerpiece. This isn't just covering the ground; it's creating a symphony of functionality and aesthetics, where resilience dances with design. Embrace a new era of flooring that doesn't just withstand life – it enhances it, proving that a floor can be more than just a surface.

Features Of Epoxy Flake Floor Coating:

1. Sport facilities durable for athletic areas
2. Longevity provides enduring protection
3. Tough coating for aircraft hangars
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

Advantages Of Epoxy Flake Floor Coating:

Epoxy Flake Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
