Product Description

Against Wear Scratches Deep Pour Epoxy Resin For Art Pieces Durable Countertops

Quick Details Of Deep Pour Epoxy Resin:

Deep pour epoxy resin, renowned for its extraordinary high viscosity, offers unparalleled possibilities in creative endeavors. Tailored for casting substantial layers, it enables artists to explore innovative avenues, whether crafting captivating river tables, intricate art pieces, or durable countertops. Its unique self-leveling properties promise a flawlessly smooth finish, complemented by impressive UV resistance that ensures long-lasting clarity. Minimized bubble formation during curing guarantees creations with exceptional transparency. This versatile material, easily customizable through various techniques like coloring and processing, grants artists the freedom to manifest their diverse artistic visions. Furthermore, many variations adhere to eco-friendly standards, emphasizing sustainability in artistic pursuits. Overall, the distinctive characteristics—high viscosity, self-leveling finesse, UV resilience, bubble reduction, adaptability, and eco-consciousness—solidify deep pour epoxy resin as the premier choice for innovative and environmentally conscious artistic expressions.

Features Of Deep Pour Epoxy Resin:

1. Against wear, scratches, and damage
2. Delivers seamless surface excellence
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

Advantages Of Deep Pour Epoxy Resin:

Deep Pour epoxy is a two part, crystal clear deep casting resin that is design for projects that require pouring thickness exceeding 2 ". Its convenient formula requires a 2:1 ratio, which will result in stunning projects with glass like finishes. You can even pour multiple thick layers with a depth over 2 inches. Customize your crafts with vibrant colors, such as glitter, mica powder, liquid dye and more! Deep Pour epoxy resin is perfect for a variety of unique projects, from river tables, live edge tables, furniture making, flower encapsulations and embedding, service trays, and so much more!
