Product Description

Environmentally Deep Pour Epoxy Resin For Artists DIY Enthusiasts

Quick Details Of Deep Pour Epoxy Resin:

Deep pour epoxy resin, famed for its exceptional high viscosity, redefines creative boundaries. Specifically formulated for casting substantial layers, it empowers artisans to explore uncharted artistic realms. Whether utilized in crafting mesmerizing river tables, intricate art pieces, or durable countertops, this resin's unique self-leveling properties ensure a flawlessly smooth finish. Its commendable UV resistance preserves enduring clarity and vibrancy, even under prolonged exposure. Minimized bubble formation during curing guarantees creations with exceptional transparency. Highly adaptable through diverse techniques such as coloring and processing, this versatile material amplifies the realization of diverse artistic visions. Embracing eco-conscious practices, several variants promote sustainable artistic pursuits. In essence, the distinct attributes—high viscosity, self-leveling finesse, UV resilience, bubble reduction, adaptability, and eco-friendliness—establish deep pour epoxy resin as the vanguard choice for pioneering and environmentally mindful artistic expressions.

Features Of Deep Pour Epoxy Resin:

1. Ideal for artisan creations
2. Empowering artists and DIY enthusiasts with exceptional clarity
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

Advantages Of Deep Pour Epoxy Resin:

Deep Pour epoxy is a two part, crystal clear deep casting resin that is design for projects that require pouring thickness exceeding 2 ". Its convenient formula requires a 2:1 ratio, which will result in stunning projects with glass like finishes. You can even pour multiple thick layers with a depth over 2 inches. Customize your crafts with vibrant colors, such as glitter, mica powder, liquid dye and more! Deep Pour epoxy resin is perfect for a variety of unique projects, from river tables, live edge tables, furniture making, flower encapsulations and embedding, service trays, and so much more!
