Product Description

Extensive Projects Deep Pour Epoxy Resin Accommodating Large-Scale Creations

Quick Details Of Deep Pour Epoxy Resin:

Deep pour epoxy resin, known for its exceptional high viscosity, revolutionizes the canvas for artistic innovation. Crafted specifically to accommodate substantial layers, it emboldens creators to venture into unexplored territories of imagination. Whether applied in sculpting captivating river tables, intricate art pieces, or durable countertops, this resin's unique self-leveling properties ensure an impeccably smooth finish. Its remarkable UV resistance ensures enduring clarity and vibrancy, enduring even the harshest exposure. Minimal bubble formation during curing guarantees creations with exceptional transparency. Highly adaptable through diverse techniques such as coloring and processing, this versatile material allows for the realization of diverse artistic visions. Aligned with eco-conscious principles, several variations promote sustainable artistic practices. In summary, the distinctive traits—high viscosity, self-leveling finesse, UV resilience, bubble reduction, adaptability, and eco-friendliness—solidify deep pour epoxy resin as the premier choice for innovative and environmentally mindful artistic expressions.

Features Of Deep Pour Epoxy Resin:

1. Tailored for extensive projects
2. Accommodating large-scale creations
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

Advantages Of Deep Pour Epoxy Resin:

Deep Pour epoxy is a two part, crystal clear deep casting resin that is design for projects that require pouring thickness exceeding 2 ". Its convenient formula requires a 2:1 ratio, which will result in stunning projects with glass like finishes. You can even pour multiple thick layers with a depth over 2 inches. Customize your crafts with vibrant colors, such as glitter, mica powder, liquid dye and more! Deep Pour epoxy resin is perfect for a variety of unique projects, from river tables, live edge tables, furniture making, flower encapsulations and embedding, service trays, and so much more!
